Yanks To Stay In Germany

WASHINGTON, D. C., June 5.—(By the Associated Press)—In compliance with requests from Germany and some of the allied powers, a small force of American troops is to be retained at Coblenz on the Rhine beyond July 1, the date originally set for completion of American evacuation of German territory.

Secretary Weeks announced today that decision had been reached to retain at Coblenz Major General Allen and two battalions of the eighth infantry, which was scheduled to have sailed for home on June 28. The length of time the troops will be kept on the Rhine, Mr. Weeks said, had not been determined.

The secretary said the troops would not come home this month, but would stay on the Rhine beyond July 1.

He would make no other comment as to the change in policy in accordance with the requests which reached Washington for retention of American troops at Coblenz. The first battalion of the eighth infantry already has been withdrawn and the two remaining battalions with supplementary units, make up a force of about 1,500 men now at Coblenz which will be reduced to 1,000. The two battalions of the eighth infantry to stay in Coblenz, were listed to be stationed at Fort Screven, near Savannah, on their return and the war department has not as yet designated units for that station to take the place of the men on the Rhine.

COBLENZ, June 5.—(By the Associated Press)—The American soldiers who wish to remain with the occupation troops must prove their ability as swimmers. An order has just been issued by Major General Henry T. Allen, providing that all the members of the American forces be marched with their respective units to the swimming pool where they must swim at least 50 yards. The order was issued because several soldiers drowned last summer in the Moselle and Rhine rivers.

TRADE COMMISSION COMPLAINS AGAINST STEEL MERGER

WASHINGTON, D. C., June 5.—(By the Associated Press)—The federal trade commission has issued a formal complaint against the Bethlehem Steel Corporation and the Lackawanna Steel Company, charging they have been and are using unfair methods of competition. The complaint grows out of the merger recently effected by the two companies.

The commission made this announcement today in a report to the senate in response to the recently adopted resolution of Senator La Follette, of Wisconsin, directing inquiry into the merger by the commission and the department of justice.

Stating it had the proposed merger of steel companies under observation prior to senate action on the La Follette resolution and had closely followed developments along that line, the commission in its report said it now had "reason to believe, in the language of its constituent act, that the proposed Bethlehem-Lackawanna merger when consummated will constitute an unfair method of competition in that it contains a dangerous tendency unduly to hinder competition and to restrain commerce and that a proceeding by the commission in this respect is in the public interest."

The commission emphasized, however, that the issue of the complaint (Continued on Page 4)

PROMINENT REPUBLICAN OF GEORGIA ACCUSED

WASHINGTON, D. C., June 5.—(By the Associated Press)—Issuance of a warrant for the arrest of J. L. H. Phillips, chairman of the Republican state committee for Georgia, charging fraud in the execution of war contracts, led to expectation of further rapid developments today as the special grand jury investigating war fraud cases entered the second week of its deliberations. Phillips, a member of the firm of Phillips and Stevens, shortly after the armistice, obtained a claim from the government as the agent of a conference of lumber dealers to dispose of surplus lumber left from cantonments and camp construction and other war developments. Proceedings of the grand jury, which so far as can be learned, has yet to hand down its first indictment, have been veiled in secrecy, and United States Commissioner Hitt, who issued the warrant for Phillips, beyond confirming reports that it had been issued, has refused to discuss the case. It has been generally reported, however, that lumber contracts have been the first to be considered by the grand jury.

In a recent speech in the house, Representative Woodruff, Republican, Michigan, asserted that government auditors had filed reports with the department of justice in September, 1921, showing that Phillips and Stevens still owed the government under their contract more than \$3,500,000. While the contract called for the disposal of spruce, pine, hemlock and fir lumber only, Representative Woodruff said, the report showed the firm had sold more than fifty varieties, including much valuable hardwoods.

ULSTER BORDER VIRTUALLY BATTLEFIELD

Economy Chief

Brig. Gen. Herbert M. Lord will be watchdog over national expenditures when Charles G. (Eaton) Davis, present budget director, retires late in June.

LONDON, June 5.—(By the Associated Press)—A steamer bound from New York for Fenit County Kerry, with corn and a mixed cargo, has been held up in Tralee bay by a sleep, says a dispatch to the Press Association from Tralee today. A large quantity of ammunition in barrels was seized, the dispatch states.

A Central News message says the steamer mentioned is the Seattle Spirit, and that she is now berthed at Fenit pier.

The Seattle Spirit is a shipping board vessel, built at Seattle in 1910. She sailed from New York May 18 for Cork, Dublin and Belfast.

LONDON, June 5.—(By the Associated Press)—British troops have driven the Sinn Fein invaders from their main positions in Ulster territory and a large part of the border between northern and southern Ireland now is virtually a battle field.

The village of Pettigo, on the Fermanagh-Donegal border, was recaptured from the Sinn Fein invaders yesterday and the southern forces also are reported to have evacuated Belleek, ten miles to the southwest.

The discrepancy between the official communique, with its statement of three Sinn Fein killed and one Lewis gun captured, and the more detailed press reports of the British storming the place and inflicting heavy losses has yet to be reconciled.

The military has taken over much of the boundary line, and the Sinn Fein now face seasoned and well armed troops equipped with artillery, instead of the special Ulster constabulary.

TURKS CONSCRIPTING CHRISTIANS IN CILICIA

ADANA, CILICIA, June 5.—(By the Associated Press)—Mustapha Kemal Pasha, head of the Turkish Nationalist government, has given orders for the conscription of all Christians residing in Cilicia. They are to be forced into labor brigades and sent to the front line trenches to assist the Turkish army in its war against the Greeks.

The Turkish newspapers are coming out today in advocacy of a policy of clearing out all Christians from Cilicia so that the country may become purely Moslem. Many Christians are being imprisoned on political charges and their estates confiscated and sold on the allegation that they belonged to the Turks before the war.

It is estimated here that fully 80 per cent of the Armenians in Cilicia have either been conscripted, deported, killed or have died of starvation. A large number of those remaining have embraced the Moslem faith so as to escape persecution.

SHIP SINKS; 80 PERISH

BUENOS AIRES, June 5.—Eighty persons are believed to have perished in the sinking yesterday of the steamer Villa Franca on the Parana river, near Posadas. At that point the river forms the boundary between Argentina and Paraguay.

The vessel carried thirty cabin passengers, seventy second-class passengers and a general cargo, including one hundred drums of naphtha. One survivor said the sleeping passengers were awakened at 1:40 a. m. yesterday by cries of alarm, and rushed on deck to find the vessel enveloped in flames. A few seconds later there was a heavy explosion which caused the boat to fill and sink rapidly near a mile from the Paraguayan shore. Some of the uninjured survivors swam ashore. An unconfirmed report said that the only cabin passengers saved were the members of a family of North Americans and three others.

FOREIGN ENVOYS PLAYED IN SENATE

WASHINGTON, D. C., June 5.—(By the Associated Press)—Republican senate leaders have determined to explain and defend the administration tariff bill in general debate in the senate, Senator Watson, Republican, Indiana, announced today in opening the first of a series of addresses, which is planned for the next few weeks.

The British Italian ambassadors and accredited representatives of other foreign nations, were assailed by Senator Watson, in connection with speeches and statements made by them relating to American tariff and trade.

Senator Watson asserted that Sir Auckland Geddes, in his address in California last March in which he was quoted as urging use of British ships for carrying American commodities as one means of aiding trade

Labor Organizations Not Exempt From Prosecution

WASHINGTON, D. C., June 5.—(By the Associated Press)—Labor organizations are not exempt from prosecution under the Sherman anti-trust law, the supreme court announced today.

The court delivered such an opinion in the celebrated Coronado coal case, one of the most important pieces of labor litigation ever to come before the nation's highest tribunal.

The court held that labor organizations can be held liable for property and other damages caused by the acts of members during the strikes. The decision was delivered by Chief Justice Taft. The case was brought against the United Mine Workers of America by the Coronado and other coal companies, arising out of the Arkansas strikes of 1914.

Chief Justice Taft in delivering the opinion stated that there had been no misjoinder of parties in the suit as brought. He discussed at length the question of the suitability of the national and international unions if the unions were responsible for what was done, pointing out that in common law unincorporated organizations could be sued as individuals, but from necessity of existing conditions it was utterly impossible of doing justice otherwise than by holding labor unions liable.

With regard to the United Mine Workers of America, the court found that the international organization and its officers had not ordered the strike or ratify it and that they should not have been made parties to the suit.

The lower federal courts had awarded the Coronado and eight other coal companies treble damage, amounting to \$400,000 against the United Mine Workers of America and district union No. 21. The damages were held to have resulted from the acts of union miners, on the ground that the acts were a part of a conspiracy to restrain interstate shipment of coal.

Discussing the details of the strike, Chief Justice Taft said the evidence showed the violence was purely a local phenomenon.

Thousands Of Gallons Of Wine Are Seized

TOLEDO, O., June 5.—(By the Associated Press)—More than 170,000 gallons of wine, a small part of which is medicated, were seized by Toledo Prohibition Agent Charles Sechrist in the establishment of John G. Dorn, Sandusky, late Saturday, it was learned when Sechrist returned to Toledo today. Sechrist also libeled the motor boat "Sport", on which he is said to have found 18 cases of whiskey.

From records which Sechrist declares he obtained in the Dorn plant he learned that not less than 261 shipments had been made between May 6 and June 2.

The wine or medicine contains not more than 19 per cent alcohol, the label says, and was manufactured under authority of permit Number Ohio-H-2905. Sechrist's report to Prohibition Enforcement Officer Daniel Crane says he found about 600 gallons of medicated wine in hogshead, 135 cases of it ready for shipment, and 29 bottles "unattached."

In rats, each of which contained about 1,000 gallons of the wine, which had not been treated with medicine, more than 175,000 gallons were found.

Prohibition agents and Deputy Internal Revenue Collector Downing, of Sandusky, are looking for the owner of the motor boat "Sport", which is said to have been engaged in smuggling whiskey from Canada to the United States for many months. Sechrist reached the boat in time to prevent the unloading of 18 cases of whiskey, but not early enough to catch the owner of the boat.

He learned, he said, that the boat, which is about 300 feet long, had been bringing from ten to twenty-five cases of liquor to Sandusky each day.

FORD WILLING TO RUN BUT NOT SPEND MONEY

DETROIT, MICH., June 5.—(By the Associated Press)—Henry Ford has intimated privately that he would run for president "if the people of the country desire him to do so," but "he would refuse to spend any money to bring about his nomination for election," according to William T. Kronberg, editor of a Dearborn "Henry Ford-for-President Club."

Cotton Mills' Gates Open

MANCHESTER, N. H., June 5.—(By the Associated Press)—The gates of six of the cotton mills of New Hampshire were opened today for the first time in three months. When the whistles blew to call the 25,000 workers back to their places, thousands were near the mills, but only scanty hundreds responded, according to observers. There were demonstrations at all the mills.

The strikes were called because of a wage reduction of 20 per cent and an increase from 48 to 54 hours in working schedules.

Thousands of strike sympathizers filled the streets for a mile on either side of the mills and would-be workers were jeered and hooted. Two arrests were made on charges of inciting to riot.

ANNEAUX, N. H., June 5.—(By the Associated Press)—Twenty Austrian girls said to be on route to France, England and the United States, where a woman chaperone was to find them husbands, were arrested at Field Kirsh.

Six Seek Kenyon's Post In Iowa

DES MOINES, IOWA, June 5.—(By the Associated Press)—Interest in the Iowa primaries today centered largely in the six cornered race for the Republican nomination for United States senator to complete the unexpired term of W. S. Kenyon, now a federal judge. If none receive at least 35 per cent of the total vote when the ballots are counted tonight, the nomination will go over until the state convention in August.

The six candidates seeking the nomination for the Kenyon togo are: Colonel Smith W. Brookhart, of Washington; Charles E. Pickett, of Waterloo; Burton E. Sweet, of Waverly; Clifford L. Thorne, of Washington; Leslie E. Francis, of Des Moines, and Colonel Claude M. Stanley, of Cornish.

Colonel Brookhart and Mr. Thorne, the two candidates from Washington, went into the primary claiming strong support from the farmers. Colonel Brookhart counted largely upon the labor vote.

Candidates for all state offices as well as candidates for congress from the eleven districts will be nominated today.

Valentino Exonerated

LOS ANGELES, CAL., June 5.—(By the Associated Press)—Rodolph Valentino, screen actor, whose principal roles have been of love heroes, was liberated of a charge of bigamy here today when the felony complaint was dismissed after a preliminary hearing before Justice of the Peace Hanby. The justice ruled there was insufficient evidence presented to support the complaint.

The dismissal of the case followed three days of testimony concerning the marriage in Mexico, Mexico, May 13, of Valentino and Miss Winifred DeWolf-Shaunesy-Hindm, professionally known as Natacha Rambova, and their honeymoon in Palau Springs, Cal., a desert oasis south of here.

Carson Announces Candidacy

Wesley G. Carson of the Portsmouth College of Business Monday announced his candidacy for clerk of court, subject to the Republican primaries in August. He was for a number of years employed by B. F. Siler, a local music dealer and prior to this he taught school. His friends assert that he will make a strong candidate.

Gun Play Prevents Holdup

M. M. Chilton, of the Portsmouth Dry Goods Co., narrowly averted a being held up by four alleged highway men on a trip to Muncie, Indiana from which he returned Saturday.

Mr. and Mrs. Chilton and their two children were within thirty miles of Muncie, where they were motoring to spend a few days with relatives, when they came to a road closed for repairs.

A large machine blocked the road and as the Chiltons came to a stop, one of four men came up to the side of the car and looking into the muzzle of a revolver which Mr. Chilton "had on him," remarked that the road was closed.

Mr. Chilton has no doubt but what he would have been the victim of a hold-up, were it not for his precaution to take a revolver on the trip.

Autos Collide; Drivers Beat It

Two machines collided at Third and Chillicothe streets last night and both were damaged. Several glass jars were also shattered and the drivers did not exchange words, but climbed into their cars and drove away before the police arrived.

FIRST CHRISTIAN CHURCH NEWS

Official Board meeting this, Monday evening 7:30. Every member should be there.

Tuesday evening, beginning at 7:30 the Junior Boys will conduct all who come on a very extensive tour, bordered with fun and overshadowed by hilarity. It will be a long, long tour in a short time. They will show so many different spots that it would be hard to name them all, but among other things will be "See America First," "A Menagerie," "The Seven Wonders of the World," "Climb Pike's Peak," the wonderful "Kidnapping scene," the monster, the only one like it, cost much to feed, the only red hats in captivity, then show "for men only" and for women only, and a wonderful exposition of "women's rights," but these things must be seen to be appreciated, and the boys will be ready to show you all the way through for fifteen cents and return your money if not satisfied.

Wednesday evening regular prayer meeting.

Section Two will meet Thursday afternoon at the church.

Class Three, Loyal Women will meet at the church Thursday evening, June 8th. All members please be present.

Choir practice Friday evening 7:30.

Denies Tossing Match

Oliver Shaffer of Long Run whose Ford was damaged at Gallia and Young streets Saturday night wishes to correct the statement that he tossed the match that caused the fire. He claims he blew out his match and tossed it on the sidewalk, and that the match or cigarette stub that caused the spilled gasoline to ignite was tossed carelessly by the machine by one of several young men who were near the gasoline station at the time. During the excitement Mrs. Anna Kirker, of Long Run, who was a passenger in Mr. Shaffer's machine had the misfortune to lose \$10 from her pocketbook the ripped pocketbook being found near the gasoline station after the fire, she says.

THREE ACCUSED OF RECKLESS DRIVING

Luther Swineford, 30, a miner employed by the Buckeye Firebrick Company at Scioto Furnace, was taken into custody Monday forenoon by the police for reckless driving after he drove his automobile into W. R. Hitchcock's car at Gallia avenue and Mahert Road. The defendant was later released and will be required to appear in Municipal court Tuesday to answer to a complaint.

G. T. Swartz and Clyde Walden, the latter of Sciotoville, have also been ordered to appear in court Tuesday to answer to reckless driving charges.

TEMPORARY ROAD IN BAD SHAPE

Motorists were complaining today of the condition of the temporary road along the West Side that is being paved just west of Lucasville bridge. Autoists were stuck in the mud and yesterday as the road is several inches deep in mud, it is not enough for only one machine several had to back their cars a good distance to allow a car to pass. This temporary road is an outlet for farmers in that vicinity only and motorists are expected to use the Duck Run and Dever Run detour around the paving. Going north on the West Side road motorists intending to go to Lucasville should turn up Duck Run and come back to the main road by the Dever Run road which meets the West Side just north of the Lucasville bridge.

MR. LERMAN IS A REAL HOST

Police News

Several offenders were penalized by Judge McCall in Municipal court Monday, the court passing out some stiff fines when the defendants admitted guilt of the charges against them.

Everett Roberts, 24, negro, of "Gold Dust Twin" fame was fined \$100 and costs for possessing liquor and \$11.20 for intoxication and Thomas Redmon, 32, negro, drew a fine of \$100 for possessing liquor unlawfully. Redmon was taken into custody late Sunday night when the police visited his home at 1103 Eleventh street and found two half pints of "moon" secreted under his pillow.

Fred M. Boss, 24, arrested Saturday night for reckless driving after running his machine into another car on Findlay street was ordered to pay a fine of \$15 and costs and a cost Sam Wellman \$10 and a black eye for provoking a fight with Walter Green, a well known base ball pitcher, Greene was dismissed when the evidence showed he was not to blame for the trouble which grew out of a dispute over a pool game.

W. C. Willis and Floyd Dowley admitted guilt of engaging in a fight at Twelfth and Union streets after tanking up on "moon" and they were fined \$10 and costs each.

Everett Lemaster, Nauvoo, pleaded not guilty of assault and battery upon Bryan McKenzie during some trouble at Nauvoo Sunday and the court continued the case for a week to give both sides an opportunity to bring in their witnesses.

Steel Mills Operations

YOUNGSTOWN, O., June 5.—(By the Associated Press)—Despite talk that the coal strike soon will affect the steel industry, mills in the Youngstown district today began another week with an increased operating schedule, averaging about 80 per cent.

Blowing in of another furnace by the Brier Hill Steel Company, brings iron production to about half of capacity, as the twenty-two furnaces in operation have a greater capacity than the 25 which are idle.

More tube mills are working this week, making operation 85 per cent. Addition of one more sheet mill to the active list of the Republic Iron and Steel Company makes sheet operations 90 per cent, with more mills to go on if labor can be secured. Other finishing mills are running at 85 per cent.

Open hearth steel production is practically 100 per cent, with output being pushed to the limit, as shown by production of 40,000 tons of ingots at the Trumbull Steel Company plant in May, a new record.

CINCINNATI, O., June 5.—(By the Associated Press)—Benjamin L. Cooper, of Pleasant Ridge, salesman, was charged today in a federal warrant issued by U. S. Commissioner Gregory with sending threatening letters through the mails with intent to blackmail Edwin Gehhardt, Pleasant Ridge, wholesale jeweler. Cooper, it is alleged by police and post office inspectors, made a full confession. Cooper was arrested late Saturday night after it is alleged, he had arranged to receive \$5,000 at an isolated spot. According to the confession of the prisoner, he did not attempt to blackmail the Gehhardt family because he was in need of money, but merely "saw a chance to make some easy money."

Train Delayed

HAMILTON, June 5.—B. & O. passenger train No. 51 enroute from Parkersburg to Portsmouth was delayed for over an hour when the tank of the engine jumped the track just south of Hamilton near the Wye Saturday. The tank was derailed after considerable delay and the train proceeded on to Portsmouth.

OBITUARY

Mrs. John Barson
Death at 11:20 Monday morning claimed Mrs. Elizabeth Schimpf, nee Laubley, who passed away at her home, 1302 Kinney's Lane. She had been in poor health for over a year, the immediate cause of her death being hardening of the arteries.

In addition to her husband, John Barson, a well known citizen who is survived by three brothers, Henry and Theodore Schimpf, of this city, Jacob of Indiana and four sisters, Mrs. Mary Engelbrecht, Mrs. Minnie Zuhars, Mrs. Callie Tieman and Mrs. Emma Vogt of this city.

Mrs. Barson was a life long resident of this city and the news of her passing away will be learned with regret. She was a devout Catholic and was a member of St. Mary's church. She was kind and charitable and a good woman passed to her final resting place when Mrs. Barson answered the call of her Master.

McDermott Is Winner

The McDermott warriors put up a fine article of play behind Ballenger's steady pitching and as a result the "Stone Masons" easily triumphed the Portsmouth Indians Sunday afternoon, smearing the invaders with a fine coat of whitewash and pinching off the contest to 0. Sisson, on the hill for the Indians, pitched well outside of a couple of sessions, when the home team got to his offerings with sufficient force to put a quartet of tallies over. "Widge" Monk performed behind the bat for McDermott and Dawson were the big mits for the visitors.

The contest was staged at McDermott and a big crowd of fans turned out to witness the battle.

Coal Strike Conditions Discussed

WASHINGTON, D. C., June 5.—(By the Associated Press)—Conditions affecting the coal strike situation in West Virginia, southern Ohio and Pennsylvania were discussed by Secretary Davis and coal operators interested in mines in those states at a conference today at the department of labor. Neither Secretary Davis nor the operators would discuss what transpired at the conference. Mr. Davis explained that strike conditions in general were discussed and that as the conference was held at the request of the operators and not at his suggestion, there was little he would care to say, further than that generalities were indulged in.

COLUMBUS, O., June 5.—(By the Associated Press)—E. L. Rodey, of Urbana, filed a declaration of candidacy for the Democratic nomination for judge of the supreme court.

Labor

(Continued from Page One)

By a union attack under the guidance of the district officers of the union. Chief Justice Taft, discussing the question whether the act of the local and district unions and officers had caused violence as a part of a conspiracy to restrain interstate commerce, said that congress had authority of control in what might have the effect of restraining interstate commerce, its lawful restraint was prohibited. As to the facts in the case, however, the justice stated the strike was local and was not for the purpose of restraining interstate commerce.

The court criticized the "outrageous felonies and murders" and expressed regret it could not affirm the judgment of the lower court. No dissent was announced.

The strike which gave rise to the case grew out of the attempt of the coal companies to operate on the "open shop" plan in 1914. Lawless men, rioted and much destruction of property followed. Machinery, pipes and mine equipment were destroyed, the companies placing their losses at \$740,000. The jury awarded \$250,000 damages which was tripled by the court under the Sherman law.

The company contended the strike was a conspiracy in restraint of interstate commerce to curtail competition of non-union mines of closing them. The defense asserted that the destruction of property was not brought about for the purpose of restraining interstate commerce, but was the result of a purely local quarrel for which the union could not be held responsible.

The defense also declared that the United Mine Workers of America could not be held responsible for the acts of its local branches, when it neither directed nor approved them.

PAVING OF ROAD BETWEEN FRANKLIN FURNACE AND HAVERHILL ASSURED; COST ESTIMATED

According to official information from Washington, Monday, the unpaved stretch of road between Franklin Furnace and Haverhill will be paved at once.

The proper legislation has been secured and bids will soon be advertised for. A special from Washington says:

WASHINGTON, D. C., June 5.—Henry C. Wallace, secretary of agriculture, has cut another good road, a road for the state of Ohio.

The secretary of agriculture announces that he has approved six important road projects in Ohio which, combined, will cost \$1,353,000. The amount of federal aid which the government will pay toward the construction of these roads is \$634,650.

The six road projects for which federal funds will become immediately available includes the Ohio river road between Portsmouth and Ironton; length, 5.955 miles; brick, concrete or bituminous macadam; total cost, \$265,000; federal aid, \$107,000.

The officials of the department of agriculture intend to act rapidly on other Ohio road projects and a steady flow of federal money will go into the state for road-building purposes.

America No Longer To Recognize The Kerensky Envoy

(By the Associated Press)—Recognition of Boris Bakmeteff as Russian ambassador to the United States, continued despite the collapse five years ago of the Kerensky government, which appointed him, will cease after June 30. Bakmeteff has been notified of this decision of the American government in a letter from Secretary Hughes, replying to a communication from the ambassador in which the latter, stating that his chief function in recent months of liquidating property claims growing out of the war was now about completed, had offered to retire should the Washington government desire it.

Entire Ward Household To Be Quizzed

WHITE PLAINS, N. Y., June 5.—(By the Associated Press)—The entire household of Walter S. Ward, father, George S. Ward, and several neighbors of the Wards in New Rochelle were called to appear before the county grand jury today in an effort to get the facts surrounding the shooting of Clarence Peters, whom Walter Ward says he killed because of blackmail.

Mrs. Beryl Ward, wife of Walter Ward, was among those called. It was pointed out that she could not be forced to give any testimony against her husband, although District Attorney Weeks insisted that he would demand to know any conversations she had with her husband and a third party.

Through George S. Ward, the authorities hoped to learn the nature of the blackmail plot that caused his son to pay \$30,000 and then appeal to him, while abroad, for more money to meet the gang's demands.

Colored Boy Scout Given Medal

An impressive scene was witnessed at the Allen Chapel yesterday, when Scout Executive Gillman pinned on the breast of Edw. Lowe, the medal inscribed "Life Saving," awarded him by the Boy Scout local council of Portsmouth.

John Jackson, superintendent of the Sunday school, introduced the Scout Executive, who stepped forward and delivered a short speech relating what Scout Lowe had done, how seeing a little two year old

toddler about to be run down by an automobile he had dashed across in front of the auto, at considerable risk to his own life and snatched the little fellow out of danger. For this act of life saving, the Local Council had awarded him the medal as a life long token of their appreciation of his act. Scout Lowe was then called forward and the medal pinned on his breast in the presence of the whole Sunday school.

Rev. Brown, of the Allen Chapel, then made a short but eloquent address, in which he said he was glad to see that the Boy Scout movement recognized and rewarded bravery and merit, whether found in a white boy or a colored, and that he hoped the other boys in the church would strive to emulate his example.

Scout Lowe bore his honors modestly, removing his medal as soon as he reached his seat, but it will be a precious emblem to him as long as he lives, and the recognition of his act of quickness and bravery, by the Scout Council of the city, will undoubtedly act as the stimulus for which it was intended, to spur on the other Scouts to be on the look out for opportunities to be of special service, and never to shrink from risking their own lives when the life of another is at stake.

"The Building of the Ship" is the title of the Children's Day program next Sunday morning at 9:00 o'clock. A ship will be constructed on the platform by boys from the Junior Department. They will be assisted by a chorus of young people. Plans have been made for a record day in our school. The program is different from anything that has yet been given.

Juliors! Attention! A picnic has been planned for next Saturday afternoon. All members of the Junior Department of the Sunday school will meet at the church at 12:30. Trucks will be used to get the crowd out into the country. You can't afford to miss this big picnic. Come at 12:30 or you may miss a ride.

The Ladies' Aid Society will meet at the home of Mrs. E. C. Tucker, 1043 Offshore street, Tuesday afternoon at 2:00 o'clock.

The Ketchikan Auxiliary held its monthly meeting at the home of Mrs. C. M. Bousch, 1108 Kinney's Lane, this (Monday) afternoon. Assistant hostesses were, Mrs. Ralph Ruggles, Mrs. Carlos Pyles, Miss Janet Silcox, and Miss Gertrude Elliot.

The Sunday School has purchased several books for the use of the officers and teachers. These have been put into the hands of Edward Hennessy, who will be responsible for them. He will be in the church office each Sunday before and after Sunday school to give them to any

who desire to take them home. Among the sick of the church are Mrs. Judith Wall, Mrs. Anna Casker, Mrs. Carl Reider, Mrs. Earl Stout, Mrs. Melissa Ryan, Miss Georgia Padan, Mrs. H. E. Hawk, Mrs. Sarah Gims, Mrs. Henry Sleight and Mrs. Lucy Strayer.

An inspiring service will be held on Wednesday night. It is the preparatory service for the Communion. The meeting will be held in the auditorium, and the minister will preach.

Those wishing to unite with the church may meet the session after the service on Wednesday night, or after the Sunday school hour next Sabbath. Members of the church are urged to bring those who are contemplating this important step.

Communion services next Sunday morning. There will be no communion services during July and August.

Decision In Coal Seizures

RICHMOND, VA., June 5.—(By the Associated Press)—Coal seized by railroads while in transit, during the war must be compensated for on the basis of the loss to the owner because of the confiscation and not on basis of cost, the federal court of appeals decided in an opinion, announced today by Judge Martin A. Knapp in which Judge C. A. Woods concurred.

Announces For Commissioner

A. C. Frowine, well-known contractor, filed his declaration as a candidate for the nomination of commissioner of Scioto County Monday, subject to the decision of the Republican electors at the primary to be held on Tuesday, August 8, 1922.

Mr. Frowine is one of the best known citizens of Portsmouth. He is well qualified to fill the office, having a thorough knowledge of road and bridge building. His life-time experience in construction work will be valuable in the conduct of the office, and his advice would be valuable to his colleagues.

Mr. Frowine is one of those men who believe in doing things—his industry being one of his outstanding characteristics. He has been an ardent Republican all his life and has done splendid service in behalf of

his party and its candidates. He has never held an elective office, but judging from the whole-hearted support he is receiving, he will make a splendid race and his friends believe he will be returned a winner.

Ex-Policeman Held As Accomplice In Robbery

COLUMBUS, O., June 4.—(By the Associated Press)—Fred Manley, said to be a former Chicago policeman, is held at Danville, Illinois, as an accomplice in the robbery of the Hilltop and Steelton branches of the Citizens' Trust and Savings Bank here last winter, according to word received here. Three men are serving penitentiary sentences for the robbery. Another is awaiting sentence and Lambert Briz, recently returned from San Francisco, will go on trial Thursday for alleged complicity in the hold-ups.

More than \$100,000 in cash and securities was obtained in the two robberies.

YOUNG BANDITS GET \$1500 IN DARING HAUL

CLEVELAND, O., June 5.—(By the Associated Press)—Two youthful bandits made a \$1,500 haul in broad daylight early this morning after trussing up and gagging William H. Fifteen minutes later Miller succeeded in removing the gag from his mouth, and his cries attracted a letter carrier, who released him. Miller reported the robbery to the police. The robbers escaped.

"Hollow Courtship"

KANSAS CITY, MO., June 5.—(By the Associated Press)—Frank Anderson, who made up for days passed in a department store by filling his nights with romance and dreaming of south seas honeymoon that could not materialize, will be buried in Kansas City, at least temporarily.

Peggie Marie Beal, the woman who ended his romancing with a shot after she learned his courtship was hollow, was gaining strength steadily despite a bullet wound in her lung, inflicted by herself after she killed Anderson.

Miss Beal, who it was revealed yesterday, is a widow and mother of a four-year-old boy, still hopes to die, she said at a hospital, but physicians asserted her hopes would not be gratified.

The order to bury Anderson in Kansas City, is said to have come from his parents in Collinswood, N. J.

Criticizes Decision On Muscle Shoals

WASHINGTON, D. C., June 5.—(By the Associated Press)—Decision of the house military committee to recommend acceptance of Henry Ford's offer to lease and operate the Muscle Shoals nitrate and power plants was criticized by former Senator Marion Butler of North Carolina as a departure from the committee's announced schedule of standards to be followed in its consideration of disposal of the property.

Mr. Butler is counsel for Frederick Engstrom, of Washington, N. C., who also bid on Muscle Shoals, and a part owner in the corporation which Mr. Engstrom proposed to form to operate the project.

in the middle of a party of the retreating Sinn Feiners inflicted several casualties.

Troops had been landed secretly from Box Island in Lough Erne, during the night to cut off the Republicans in the rear, but some escaped, through their superior knowledge of the country.

When the occupation of the village was complete, soldiers were detailed to bury the dead and all the Sinn Feiners were interred in a field nearby. The prisoners were removed to Enniskillen last night.

Republicans stationed at vantage points with machine guns held out, frequently firing at the troops, who replied with a Lewis gun. It is believed that one Sinn Fein gun crew was wiped out. It is officially stated that but one member of the crown forces was killed. Seven Republicans are known to have been killed, while sixteen were made prisoners, including the commandant.

It is understood that Belleek, ten miles southwest of Pettigo, is still held by the Republicans, but that Magheramona castle has been evacuated. There is considerable interest here regarding the fate of the Belleek fort, the holding of which by the Republicans practically renders the barracks there untenable.

Intense enthusiasm is reported by the Press Association's correspondent to have prevailed in Pettigo after the Republicans were driven out. Some of the civilian refugees who had been cared for in northern territory nearby again re-entered their homes.

The military has taken strong positions on the neighboring hills to prevent a surprise attack, while special constables are on duty on all the Fermanagh roads leading to Pettigo.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Miss Wise—I have been writing to a man in Ashland, Ky. for the past year. He tells me he loves me and even speaks of marriage at some future date, although we are not formally engaged. Now Dolly I learned last week that he is writing to a girl friend of mine and he tells her the same thing. I was also talking to a girl from his home town not long ago and she says he goes with a girl in Ashland and it is generally understood in that town that he is engaged to her. What do you think of such a man and would you answer his letters anymore?

BROKEN-HEARTED GIRL.
Do not write him again unless it be to tell him what you think of him. If you do write, don't use any sob stuff. Don't give him the satisfaction of knowing that you cared for him, or how many girls he went with. Just write a very short note and tell him that you do not care to continue the correspondence any longer. If he has any brains he will know the reason why, and if he hasn't it won't make any difference in his young life. He will probably have a new correspondent before the week is over.

Dear Dolly—Do you think it is better to wash the hair every two weeks or would you put talcum powder in it to absorb the oil?

HAZEL.
It is better to wash the hair. Talcum powder will clog the pores and also cause dandruff.

Dear Dolly—Who do you think should be the boss in the family? My wife thinks she should have the say in everything that is done, or where we should go, what we should buy, etc. I think I have just as good judgment as she has. Before I was married I bought my own clothes and got along all right; but now she wants to select my clothes, cigars, ties, etc. She prides herself on her good taste, as she calls it. She says my clothes are "jaker," my trousers bag at the knees, and are about six inches too long, and that I never shave my neck and everything else. Dolly I wish you could hear her rant. I'm surprised she ever married me. She said I was good material to work on and after she got through with me I would be a right nice looking man. What do you think of a woman like that?

HENPECKED MAN.
I think she is a wonderful woman if she can make over a slothful man into a smart dresser. However, I'm from Missouri, and I would like to see you before and after the transformation. Why not let her go ahead and doll you up, and if you do not like your looks you can let yourself slip back where you started from. As for being boss, I don't think it necessary for the husband to boss the wife or vice-versa. They should consult each other about the important things that come up, otherwise they should do as they please—that is keep their own personality, and not have to give an account of everything they do.

Dear Miss Wise—Will you please print a remedy for blackheads. I have so many on my nose and cheeks that I would like to get rid

of a few. Can you tell me how to do it?
BESSIE.
Mix one ounce of tincture of green soap and thirty drops of peroxide of hydrogen. Apply with a bit of cotton, rubbing well into the skin. After it has remained on the face half an hour, wash off and rinse with cold water. Repeat this twice a day.

Dear Dolly—I have been writing to a man, or rather a boy, who is away to school and he is coming home soon and I want to know if it would be all right to kiss him when he comes. I mean the first time I see him after his arrival. I haven't seen him since Christmas.
IN DOUBT.
I would not kiss him if I were you. You can express your pleasure over his return in some other way.

CLARENCE.—If you are a wise young man you will fall in with the girl's decision. Let her have her own way without any protest from you. During the time you are forbidden her society go out with other girls. She will hear about it and also see you, and she chances out of ten tend for you at once. A girl does not like watch-dog devotion. She wants to feel free to enjoy more than one man, if you expect to win and keep this girl's love, you must show more judgment and indifference.

BLUE EYES.—You must not expect to have conditions ideal. Of course, it is unfortunate that your family is not more considerate of your feelings, but you are better situated than you would be living away from home. A girl has to put up with a great deal that is unpleasant when she lives away from home. The boy is too young to think of marrying you. If he wanted to go West, let him go. If he loved you deeply he would brave your parents.

SOCIETY

One of the smartest affairs of the week, as well as one of the prettiest opening parties of June was the reception given this afternoon at the Elk parlors by Mrs. Emily Wilhelm, her daughter, Miss Grace Wilhelm, and the former's grand-daughter, Mrs. Starling Pearce, of Indianapolis, Indiana.

The spacious Elk parlors were aglow with an abundance of hydrangeas, combined with various lured blossoms and greenery, which were artistically arranged in the sun parlor, reception room and dining room by Florist Orin B. Oakes. The beauty of the rooms was further enhanced by the planting of huge bowls of cut flowers, making a most attractive setting for the handsomely gowned matrons and maids, who were graciously received between the hours of three and five o'clock.

In the dining room a long table was beautifully set with a lace cloth, artistic floral center-piece and hand-some crystal candelsticks with burning tapers and rich confections in cut glass and silver, all presenting a dazzling picture of unusual beauty.

The three hostesses received their guests in the reception room, and after a short time spent socially they were invited into the dining room, where they were served with delicious refreshments. The favors were small nosegays of sweet peas and pansies. They were pinned by Miss Margaret Miller during the first

hour. Mrs. Harry Revare and Mrs. Frank E. Dault invited the guests into the dining room, where Mrs. John Lowry, Mrs. Frank Adams and Mrs. L. D. Huestis passed the refreshment plates.

Miss Bertha Moore and Miss Joan Pursell, two attractive young maids, dispensed cooling drinks during the afternoon from the punch bowl which was attractively arranged in the sun parlor.

Assisting in extending hospitality during the second hour were Mrs. Alan Jordan and Mrs. E. Altger Powell, who invited the guests into the dining room, where Mrs. Morton Shumway, Mrs. N. B. Griffin and Mrs. Robert Adair of Columbus assisted in serving the guests. Miss Helen Dunn pinned the favors.

Three hundred guests were included in the function, which takes its place among the most brilliant of the year. Gowns worn were among the most splendid exhibited at any social function of the season, and the charming personalities of the hostesses added to the perfection of the party.

Friends of Miss Louise Griswold of Lancaster will be interested to know that she will soon leave for an extended tour of Europe. Miss Griswold was formerly connected with the editorial staff of The Times. For the past few years she has been located in Monteville, Alabama.

Miss Nell Johnson, who has been confined to her home on Fifth street for the past eight weeks with a sprained knee, resumed her duties this morning in Kline's store on Gallia street.

Mrs. Martha Fannin of Grimes avenue and her daughter, Miss Laura Fannin of Ironton spent the week-end with relatives in Ashland, Ky.

Adventures Of The Twins

BY OLIVE ROBERTS HARTON

Nancy and Nick went to Cob Coon's tree and telephoned
THERE was magic about—not a doubt of it! Chris Crow said so. Mr. Peercabout, the Man-in-the-Moon, had fixed everything for a nice clear moonlight night.
But Chris didn't want it. He wanted to dig up the sprouted grains out of Farmer Smith's cornfield with his long sharp beak. And he didn't want the Scare-Crow to see him. He told Nancy and Nick moonlight was a nuisance.
He said his friend, Comet-Legs, would fix things up for him.
Now Comet-Legs was a wicked fairy, jealous of the Man-in-the-Moon and did all he could to spoil things. Nancy and Nick were on the lookout for this fellow.
Suddenly the moon, got dim—oh awfully so, and looked as washed out as a faded button. Chris Crow was a happy as a clown.
Nancy and Nick went to Cob Coon's tree and telephoned to Mr. Peercabout what had happened.
"All right," answered the Moon-Man. "I'll go to my handle-house and see who has been fooling with the handles."
So off he trudged through the Golden Forest. He had pulled out the handle marked "full moon; nice and clear," and fastened it so it would stay.
But what did he see? The full moon handle pushed back to place and a handle marked "dim moon; pale and misty," pulled out instead.
"My goodness!" cried Mr. Peercabout, mopping his forehead. "Who do you suppose?" Then suddenly he saw a shadowy figure scot away. The figure had bow legs.
"So that's it," nodded old Peercabout wisely.

Mrs. Louella Wendelken of Glover street has returned from Marietta, where she attended the wedding of her relative, Miss Carol Strecker, daughter of Mr. and Mrs. Charles W. Strecker, and Mr. Glenver McConnell of Tulsa, Oklahoma, which was solemnized Thursday evening in the Trinity Methodist church of that city. The ceremony was supplemented by a reception held at the Strecker home. The attendants in the wedding party were little Miss Betty Milbaugh as flower girl and Charles and Mary Jane Strecker, son and daughter of Rev. and Mrs. Lloyd Strecker of Cincinnati as ring-bearers. The bride is well known here, having visited her brother, Rev. Lloyd Strecker, while he was pastor of Trinity church, this city.

Miss Maggie Edgar, of Latakia, Syria, will be the guest tomorrow of Miss Ella Stewart of the Home for Aged Women. Miss Edgar is a missionary for the R. P. Church in Syria, and is visiting her friend, Miss Stewart, before returning to her foreign labor.

Both Miss Stewart and Miss Edgar will be entertained tomorrow at the home of Mrs. Margaret Osborne, Timmons avenue, a cousin of Miss Stewart.

The Parent-Teachers' Association of the Garfield School will meet tomorrow afternoon at 3:30 at the school. This is a very important meeting and all members are urged to be present.

The Musical section of Sunday's Enquirer contained the following of local interest, as Miss Reeg is a promising young musician of this city:
"Audrey Reeg, gifted young pianist from the class of Albino Gorno, of the College of Music, will give her graduation recital in the Odeon tomorrow evening. Miss Reeg's program will include the prelude and fugue in B-flat of Bach, a group of Danzin, Chopin, Rubinstein and Liszt numbers, and a group of Grainger and Liszt, the latter's transcription of the "Santa Ballade. With Ruth Morris, a pupil of Adolf Hahn, who also will be graduated this year, she will play the B-minor sonata of Beethoven."

Mr. and Mrs. Frank J. Duschinski and daughter, Zara, Mr. and Mrs. Edward H. Russell and family spent Saturday in Ironton, the guests of Mr. and Mrs. Nicholas McMahon. They went up to attend the get-together picnic of the former Agwa Club members.

Preparing the Youths of Today for the Responsibilities of Tomorrow

Ohio Wesleyan is a college of liberal arts that affords its students a broad cultural education. Its practice is to prepare men and women for the responsibility of citizenship, that they may fill with credit any post to which they may be called, and master with facility any problem with which they are confronted.

With broad cultural training as a foundation, men will become better engineers, better business men, better teachers, lawyers, doctors, ministers, farmers and citizens than they who cramp the first development of the mind in narrow, technical pursuits. They learn to think more clearly, write more accurately and speak more convincingly.

The University has always kept abreast of the times by supplementing the cultural studies such as the Classics, Literature, Philosophy and the Languages by complete courses in the Arts and Sciences demanded by modern civilization.

BRINGING UP FATHER

BACCALAUREATE SERVICES ARE IMPRESSIVE

An audience that completely filled the Portsmouth high school auditorium last night when Rev. Hugh J. Evans of the Second Presbyterian church delivered the baccalaureate sermon to the P. H. S. graduating class of 1922, the class this year numbering 100 young women and young men. The services were well arranged with the Second church choir of more than fifteen voices furnishing the special music.

The front of the center section of seats was reserved for the graduating class, the members meeting in room 109 and marching into the auditorium in a body as the choir rendered the opening selection. The young women were dressed in dainty summer frocks with hats to match, the outfits presenting a rainbow of color. The graduates marched down both aisles of the center section, and filed into their reserved section, that had been roped off with the class colors, maize and open blue.

The stage was decorated with cut flowers and potted plants, the decorating being done by the Christian Endeavor Society of Second church. Across the front of the platform on trellis work of open blue were the Latin words *Semper Paratus* (Always Prepared) the class motto. Harry Denton and Maitry Huggies were soloists for the anthem, "Onward Christian Soldiers" while Mrs. H. F. Kimble was soloist for the anthem "Lift Your Heads". The services closed by all singing "America".

Rev. Evans took for his subject, "What is Life?"

Taking as his text the statement of Moses in the 30th chapter of Deuteronomy and the 19th verse, "I have set before you life, therefore choose life," the speaker set out to answer the question "What is Life?" His conclusion was that life was "soul in communion with God and consciousness of its obligations to Him." This was declared to be the answer that Moses gave to the question of life.

Mr. Evans said in part:

Prof. Moulton of Chicago University took the orations of Burke whom he considered the greatest English orator, the orations of Demosthenes, whom he considered the greatest Greek orator, and placed them beside the orations of Moses as recorded in the book of Deuteronomy. After a close comparison of climaxes, periods and thought, he was forced to admit that Moses was the best of the three. If we accept the statement of this great language scholar then we also must say that Moses is the greatest orator of all time. The text for the evening is a part of a great climax to an oration of Moses. He sets before them "Life" and asks them to choose it.

Thus we also approach the question of our highest duty and our highest quest and we ask, "What is life?" We want to choose the best. There are many definitions of life. The doctor tells us that it is his business to prolong life. We will ask him what life is. He answers "life is pulsation. Life is breathing. From the

point of view of his science when the heart has stopped, when the breath is gone. These things mean life to him. But this answer does not meet all the needs of our mind. It is a partial answer and merely makes life a function of the body.

The German scientists during the war decided that they would find the real value of the body. They reduced it to its component parts and then estimated their worth. There were these parts: 3,000 cubic feet of commercial gas, phosphorus enough to make 800 boxes of matches, fat enough to make five pounds of candles, lime enough to whitewash a small building, carbon enough to make 36 dozen pencils, and sugar enough to make 60 squares. This the scientists said would sell for \$7.85. But life is more than the body.

The biologist tells us that life is growth, color and change. Where he finds these elements present he concludes that there is life. He tells us that growth and life are interchangeable. He bids us hear his answer as a complete definition of life. But life is more than growth. There must be force and energy beyond growth and something behind that.

The poet tells us that life is a dream and a song. Sun clouds vie with each other. Now smiles, now tears come to compose life. It is a beautiful thing—this view of life. But this reduces life merely to emotion and a thing of experience only. Life is more than feeling.

The moralist tells us that life is character. He tells us that man truly lives when he has become ethically stable. He has life when he relates his life harmoniously with things and persons. But he has no answer for sacrifice which we see all about us. He has no conception of the underlying reason for morals and ethics. Therefore we conclude that life is more than character.

Thus we continue our quest. One man tells us that life is a game. That there are rules and teammates and goals. Another tells us that life is an adventure, an exploration. That Columbus never sailed over an unknown sea as do young men and women when they set out to discover life. Another tells us that life is simply a machine and we are an unwilling and necessary part of a great inevitable series of events. But none of these answers satisfy although each helps our conception of life.

So we ask the greatest law-giver of all time. We go to the master patriarchs of Egypt and the wilderness. We will ask the man who talked with God on the mountain. We will approach the conception he had of life. We will say "Moses tell us of life, what it is?"

The answer of Moses is striking. He tells his hearers to choose life and then he proceeds to outline for them what life is. In the twentieth verse is his answer "that thou mayest love the Lord thy God, and that thou mayest obey His voice, and that thou mayest cleave unto Him, for He is thy life." This falls then into three great heads.

First, Life is affection for God. This comprises no mere sentiment. It is to love the Lord, thy God with all thy mind, with all thy strength, with all thy heart and with all thy soul. It might be termed intellectual emotion. It brings in all the affection of heart and mind. It is approval of God from the point of view of intellect and emotion. It is acceptance of Him. It is faith in Him.

Secondly, life is obedience to God. Moses has been stressing this point all along. "Thou shalt obey His voice." This is a quality of the will. The will moves upon thought and emotion. This is the determining factor in life. The first quality was impulse. This is action. Our wills are to be dedicated to God—our wills blended into God's will. Jesus Christ is divine because he perfectly blended His will in that of God. "Our wills are ours because we know not how. Our wills are ours to make them thine." Life thus is will obedient to God.

In the third place, life is abiding in God, as Jesus said, "Abide in me." Our age needs men and women whose lives are sanctified by faith and are steadfast in allegiance to God. Too many are blown about by every wind of teaching and doctrine that blows. You are urged to cultivate steadfastness in God.

This then is Moses' definition. But he crowns it with this statement, "For He is thy life." God is our life. The goal of our life, the purpose of our life, as well as the gift of our life are all found in Him. From Him cometh our life and to Him it should all move. Thus we define life in these terms: Life is soul in communion with God and conscious of its obligations to Him. This will suffice to throw light upon the ideas of the doctor, the biologist, the poet, and

the moralist. Life may express itself in all these ways but its basic idea is found in God, and in affection for Him and accountability to Him. Let Him be your life.

The British navy has recently given to the world a story of great interest. A submarine of that navy submerged when it sighted a destroyer. Now a submarine submerges by opening a valve in its bottom and letting enough water into its ballast tank to sink the boat. Then when the boat would rise, air pressure is sent into the ballast tank and the water is forced out and thus the boat is lightened and it rises. Now, this boat had gone so deep that the water pressure at the bottom of the sea was greater than the highest air pressure that they had. So they were doomed. One of the engineers suggested that they turn the oxygen from the life-giving oxygen tanks into the ballast tank. The pressure is above 300 pounds in those tanks. It was a dangerous experiment. It was one chance in a thousand. There was danger of exploding the tank and killing them instantly. But death was ahead of them anyway.

So they got their prayer book and read the service for burial at sea. They said goodbye to life and faced eternity. Then they turned on the high pressure oxygen and in three minutes they were on the surface of the ocean. Life's oxygen had driven out the salt water of the sea-bottom and the boat arose to service and usefulness. If we let the life of God into the ballast places of our souls we will rise by affection for Him, by obedience to Him and by steadfastness in Him to lives of service, true success and Christian achievement. For He is thy life. Therefore, choose life.

SOCIETY

Among the interesting social events of the past week was the pretty party given by Mrs. Robert Council, at her home, 1423 Fourth street, Friday evening announcing the engagement of Miss Goldie Patton and Mr. Clarence Clausung.

A pink and white color scheme was effectively carried out in the decorations of pink and white roses. The early part of the evening was spent socially, several interesting contests adding to the enjoyment of the occasion. Later the guests were invited into the dining room, where they were served with a delicious ice course. A large basket of pink roses and sweet peas graced the center of the table, while streamers of pink ribbons extended from the basket to each place. At the end of the ribbon and secretly hidden in the bower of roses were nut-shells in which were tiny cards inscribed with "Patton-Clausung, June 1922." After the guests were seated each one pulled the ribbons, thus disclosing the secret. Six crystal candles canopied in pink were placed at either end of the table, while the place cards were small copies carrying a bride's bouquet. The favors were small bonbon boxes filled with pink and white mints, and places were marked for twelve intimate friends of the bride-elect.

Miss Patton is the beautiful daughter of Mr. and Mrs. Lafayette Patton of Gay street and has been employed as book-keeper at Woolworth's Five and Ten Cent Store for a number of years. She has a pleasing personality, and a host of friends, who will be interested in the announcement of her engagement.

Mr. Clausung is the son of Mr. and Mrs. Louis Clausung of Blair avenue and is employed in the office of the Excelsior Shoe company.

Mayor and Mrs. William N. Gableman, Mr. and Mrs. David Burckman and their guests, Mr. and Mrs. T. B. Gunning, were dinner guests at the "Blue Bird Inn," Wheelersburg, Saturday evening.

Mr. and Mrs. A. A. Sommer (Adelaide Orlet) returned last night from a two weeks' honeymoon trip to Cincinnati and Columbus. At the latter place they were the guests of her uncle and aunt, Mr. and Mrs. John H. Lange. Mr. and Mrs. Sommer are now at home to their friends in their own home at 1513 Sixth street.

The Woman's Independent Municipal Club will meet tomorrow evening at 7:30 o'clock at the home of Mrs. Cynthia Lang, 2330 Gallia street. This is a very important meeting and all members are urged to be present.

GUN FALLS OUT OF POCKET; WELLS SHOT IN HIP.

William Wells, 24, years old, is in Merry hospital suffering from a bullet wound in the right hip which he sustained in a peculiar accident Sunday evening.

Shortly before eight o'clock when Mr. Wells and his family were start-

ing out for an automobile ride the happy thought struck him to take his pistol along for protection against a possible holdup.

Accordingly he tucked a .32-22 caliber "gat" in the side pocket of his coat and went out to the street in

front of his home, 1028 Offshore street to crank his machine. In bending over the weapon protruded over the top of his pocket, fell to the street and was discharged and the headless messenger took effect in Wells' right hip. The report attracted quite a

crowd to the scene and the injured man was carried into his home and was later sent to the hospital where he was attended by Dr. W. D. Mickelthwait. Well's condition is not regarded as serious.

FRATERNAL ORDERS HOLD THEIR MEMORIALS

Close to 300 members of Portsmouth Camp Modern Woodmen of America, Delta Camp, Royal Neighbors and Juvenile Camp Royal Neighbors took part in the annual memorial services held for the fallen Sunday afternoon at Greenlawn cemetery.

The members met at their hall at Fifth and Chillicothe streets and marched to Greenlawn. The River City Band headed the parade of about 200 Woodmen and 100 Auxiliary members. The line of march was east on Galia and north on Offshore to the cemetery.

Judge N. B. Gilliland presided as Master of Ceremonies held in the cemetery. Counsel E. W. Smith read the lodge ritual for memorial services. J. R. Hooper, Clerk of Portsmouth Camp read the list of dead

of Portsmouth Camp. Since organization 141 members of the order have died, and 12 of that number are buried in Greenlawn. During the past year twelve members passed away. They were Clarence Carmon, Ernest Morford, Delbert Smith, James Miller, Finkles Jordan, Stephen Elliott, Roy C. Lynn, James W. Cox, George W. McGhee, J. Herman Pick, Ernest Fain and James L. Starlin. W. D. Welch, an honorary member also died since the last memorial service.

Mrs. Laura Walker, Oracle of Delta Camp, read the list of dead of that organization. Since the order started eight members have died. Only one Mrs. David Coriell died the past year.

Rev. E. H. Dailey, pastor of the United Brethren church, delivered

the memorial address, in which he paid tribute to the Woodmen and Royal Neighbors who have passed on and who are remembered each year by the memorial service. At which time their friendships are recalled and their graves strewn with flowers. Special music was furnished by the Gospel Quartet.

Following the services the members decorated the graves of departed members.

D. O. H. G. SERVICES
Members of Germania and Louisa Lodges, Degree of Hurl Galt, met at Greenlawn cemetery at seven o'clock Sunday morning and held their annual memorial services.

The exercises including the reading of the memorial ritual by John Linck, John Herrman and Julius Hoerl after which members decorated the graves of departed members. Germania lodge lost only one member the past year and that was John Henze who died last week. He was nearly ninety years of age and the oldest member of the organization. Louisa lodge did not have a death in the past year. The committee in charge of the memorial service plans included John Linck, John Wolff and Charles Stamm.

W. O. W. MEMORIAL
River City Camp, Woodmen of the World held annual memorial services at Greenlawn cemetery Sunday morning at ten o'clock. About twenty-five members of the order met at the cemetery and decorated the graves of all deceased members. The Woodmen lost only three members the past year. They were William Ford, Ror C. Lynn and E. W. Chase of New Boston.

THE MARKETS

NEW YORK STOCKS

NEW YORK, June 5.—Although developments over the week-end were mainly favorable to the bull account, prices at the opening of today's stock market were extremely irregular. Issues brought in the three companies steel were under further pressure. Republic Iron and Steel stock declined 1 1/2 points, with a fraction of reaction for Midvale Steel. Domestic steel added generally to last week's gains, but Mexican and European stocks were hesitant. Dupont was again the sensational feature among specialties, its initial quotation adding 1/2 point, to last week's gain of almost 2 1/2 points. National Biscuit and United States Rubber were responsive to favorable statements of earnings. In the foreign exchange market early quotations for demand bills on London rose to the new high record of 4.48 1/2.

Movements of oils, prominent in industrial and railroads, were more conflicting during the morning. Leaders of those issues registered mixed gains and losses of 1 to 3 points. Tobacco and manufacturing shares were equally unsettled. Rubbers, textile and food specialties improved on pool operations. Vanadium was included among the heavy stocks with an extension of the early setback in Midvale and Dupont cancelled the greater part of its gain. Lake Erie and Western common and preferred again represented the stronger rails with Canadian Pacific and Delaware and Hudson, but transportation as a class were lower. Call money opened at 4 1/2 per cent, easing to 4 1/4 per cent, however, before noon.

Free offerings mainly of oils, steels and rails more than offset the bullish operations of pools in today's stock market, despite easier money rates. Sales aggregated 1,250,000 shares.

The closing was irregular.

Chicago Grain And Provisions

CHICAGO, June 5.—A fair weather for the ripening of harvest fields in the southwest led to general selling of wheat today during the early part of the session. Slowness with which wheat that has accumulated in Chicago was moving out tended likewise to depress values and so did deliveries here this morning of 130,000 bushels of wheat on June contracts. Buyers were few until declines in price tempted bears to take profits. The opening, which ranged from 1 1/2 to 2 1/2 lower, was followed by a 1 1/2 to 1 1/4 and September 1 1/2 to 1 1/4 was followed by moderate additional setbacks.

Corn and oats reflected the weakness of wheat and oats touched the lowest prices yet this season. After opening 1/2 to 3/4 off, July 00 1/2 to 00 3/4, the corn market continued to descend.

The close was unsettled 1 1/2 to 2 1/2 net lower, with July 1 1/2 to 1 1/4, and September 1 1/2 to 1 1/4. Oats started 1/2 to 3/4 down, July 33 1/2 to 34, and later underwent a further gain.

Notwithstanding higher quotations on hogs, the provisions market declined with grain.

The close was steady 1/2 to 3/4 net lower, July 00 1/2 to 00 3/4.

OBITUARY

Mrs. Theo. Doty
Funeral services for Mrs. Martha E. Doty, beloved wife of Mr. Theo. Doty and who passed away early Sunday morning in Schirman hospital will be held from the family residence 1221 Franklin avenue Tuesday afternoon. The last rites will be in charge of Rev. Hugh L. Evans of the Second Presbyterian church assisted by Rev. W. H. Hudson of Columbus Presbyterian church. Friends are invited to the services at the home but the burial will be private.

Mrs. Doty who passed away after an extended illness, which she bore with Christian fortitude was born in Chillicothe on July 28th, 1848. She was a daughter of William and Ann Weaver, pioneer settlers of Ross Co., Ohio. On July 6, 1860 in Chillicothe she was married to Theo. Doty and to their happy union three children were born: Mrs. J. H. Hudson of Columbus, Mrs. A. P. Minshall of Columbus, Harry J. Doty of Ironton and Lucien, Frank and Charles of this city.

Mr. and Mrs. Doty moved to Portsmouth in 1888. Mrs. Doty was a member of the Presbyterian church in Chillicothe and in her early life upon her removal here she joined the First Presbyterian church. Later on she transferred her membership to the Second Presbyterian church. Through out her life she was a consistent church worker until illness deprived her of that pleasure. She loved to work for her Master.

Mrs. Doty's home life was ideal and she was happiest when surrounded by her children. They were as beautifully devoted to her as Mr. and Mrs. Doty were to each other and their attachment was an inspiration to others. Life's pathway was sweet to them and Mrs. Doty lost a faithful and loving helpmate and their children an affectionate and guiding mother when Mrs. Doty passed to her final reward. Kind, charitable, and sweetness of character will linger long with those who knew this good woman best and loved her most. Years of usefulness rounded out she now sleeps in her heavenly home.

He was an able physician, actively answering all calls regardless of the weather for the chances for pay was good or bad, he looked upon the work before him as something real, something worth while, something truly worthy of his best energy, his highest ambition; it may be doubted if even his closest friends fully knew how utterly he sacrificed upon the altar of duty. Dr. Bennett was a Christian who believed the Bible from lid to lid, he was humbly devoted, faithful in his attending all the services of the church; he gave freely of his money to all departments of Christian work. As a citizen he stood for the things that would advance the country—morally and religiously. He was a good neighbor and brought sunshine into the lives of many and darkness into the life of no man. I can think of no one whose death would bring more genuine sorrow into the homes of his many friends than that of Dr. Bennett. He was a good husband and a kind father.

I can do no better than sum up the life of Dr. Bennett in the words of another. To be strong in pain, not to desire what is unattainable or worthless, to be content with the day as it comes, to seek the good in everything and to have joy in nature and men, in doing and putting forth efforts always to give one's best.

ADVANCE SALE INSURES RECORD CROWD AT ALL STAR BOXING SHOW IN AUDITORIUM TONIGHT

Boxers Are Ready For Bell; Blair And Carter In Main Go

Nig Blair, of Portsmouth, vs **Stervo Carter**, of Pittsburgh, 10 rounds; 140 pounds.

Frankie Wells, of Chillicothe, vs **Brookline Chapman**, of Columbus, 10 rounds; 130 pounds.

Kayo Clark, of Portsmouth, vs **Jackie Tinsley**, of Springfield, 8 rounds; 130 pounds.

Jack Major, of Portsmouth, vs **Young Small**, of Springfield, 6 rounds; 130 pounds.

Everything is in readiness for the all star boxing show, which will be held tonight in the Winter Garden, starting promptly at 8:30. Indications point to the bill being one of the classiest ever held in the city and is sure to be witnessed by an exceedingly large crowd as the advance sale is very heavy. The Boxing Commission popularized itself for life when it announced that the top prize will be the big round dollar.

The fans are expecting four of the snappiest bouts ever pulled within the corporate limits of this fair city and the commission has arranged things so that they will get just what they're looking for, unless the dope

bucket is accidentally kicked over. The fighters were chosen only after Bill Harris of the commission had kept the telegraph and telephone wires hot several days getting a line on the best men in their class.

There'll be no stalling. The boys are anxious to be turned loose inside the ropes, and to cut loose with all they have.

It would be as hard to pick a winner in any of the bouts, as it would be for a blind man in a dark room to catch a black cat, and the whole thing is a headliner. Nig will meet the toughest proposition he has yet run up against in Steve Carter. Both have the same style: bluff, bang, slam, slug, driving in all the time with a rush to break down the opposition.

Frankie Wells will be forced to step some if he is to keep his slate clean when he wades into Brookline Chapman, one of the Capital city's best.

The prelims will be of the same high class as the main event, and the show will give the fans more than their money's worth. The prices will be one dollar for ringside seats and fifty cents for general admission.

Decisions will be handed down by Referee Hughie Roddy and two judges, Rigdon Hall and Charles Anderson.

FULLERTON WINS

The crack Fullerton team, which has been beating all comers trimmed Otway Sunday, 7 to 2. Dowdy was in good form for the Kentuckians and pitched fine ball. Bending also pitched well but his support wavered at critical times. The score:

Tendler vs. Barrett

PHILADELPHIA, June 5.—Lewis Tendler, challenger for the lightweight crown of Benny Leonard, and Bobby Barrett, of Clifton Heights, Pa., will meet here tonight in a scheduled 8-round bout.

Tendler, who has been matched with Leonard for a 12-round bout at Jersey City, in July, said he expected Barrett to give him a hard fight. He was confident, however, that he would win.

Barrett was equally confident.

Hurl Challenge

The Fullerton team is getting frisky. Monday the management hurled a challenge at the All-Stars and will play them winner or take all. If the All Stars wish to accept the challenge, call W. E. Dodridge at Fullerton.

HOLY SMOKE! PIPE THIS REAL DEFEAT

The Scotoville nine had an easy time Sunday when they met Jack Allen's Athletics of Ironton, the local nine winning 20 to 0. The Ironton team lost a 1 to 0 game to Scotoville last Sunday and wanted to come back yesterday for revenge. They came back, but the revenge was not theirs. "Rooster" Smith held the visitors in the palm of his hand for six innings and with the game on the shelf gave way to Conley who did not allow the Athletics to score. Scotoville is after a game with Russell.

Chillicothe Fans Will Attend Show

Probably 75 boxing enthusiasts from Chillicothe will motor here this evening to attend the boxing show in the Winter Garden. They will root loud and long for their favorite son, Frankie Wells, who will meet a real fighter in Brookline Chapman. However, the faint street gang will pin their faith to Wells.

Financial Wizard Laid To Rest

NEW YORK, June 5.—Delegations from many financial institutions, including directors of the American Light and Traction Company, were present this morning at the funeral of Emerson McMullin, New York banker and lighting magnate.

The services were conducted at his estate, Darlington, Malwah, N. J. where Mr. McMullin died Wednesday, by Rev. Bishop Shipman.

The interment was in the McMullin mausoleum at Woodlawn Cemetery, and was private.

Mr. McMullin was head of the banking house of Emerson, McMullin & Co., and also was chairman of the Board of Directors of the American Light and Traction Company, as well as President of many other light and power companies.

This society, upon learning of the death of Mr. McMullin, adopted memorial resolutions which formed his work with the society "the valedictory of his splendidly useful life."

Each team secured six hits. There was only one extra base out in the contest, McNamara, right fielder for Lucasville, sending out a long one that was good for three sacks.

The visitors started the game with Pohlman, catcher, Wikoff, pitcher, Henge, shortstop, DeTelle, first, Frye, second, Hicks, third, Closterman, left, Valodin, middle and Lewis, right. Branton of South Webster caught for Lucasville.

Wikoff, who started the game of the Hilltop Stars, lasted only one inning. Valodin then took up the mound duties for five innings and the seventh gave way to Otha Lewis.

Martin Vs Burke Tonight

Bob Martin and Joe Burke, will step it lively at Columbus, O., tonight. It's twelve three-minute rounds to a referee's decision. The scrap will be staged in the open air Fairmont arena within a stone's throw of the Ohio State House. Sammy Troit will be the third man in the ring.

Martin and Burke met six weeks ago at Akron, O., and what Burke did to the A. E. F. champion on that occasion will not soon be forgotten by the West Virginia slugger. Martin was actually ashamed of himself the day following the Akron fracas. Burke had given him a good spanking, and now the fighting soldier is out for revenge. Martin will weigh 190 pounds when he climbs into the ring for his second whirl with the man who gave him a push down the ladder. Burke will carry 108 pounds into the ring.

Press Agenting Overdone

Roger Peckinpugh, star shortstop of the Washington team, has been having the worst spring of his career. Peckinpugh himself finds it impossible of explanation.

Often some recruit is spoiled by too much publicity. The case of Peckinpugh may be one of those unusual ones in baseball where a veteran is the victim of too much press agenting.

Peckinpugh is rather inclined to that line of reasoning. In discussing his case he says: "When I was secured by the Washington club many of the experts were kind enough to say that my addition to the team practically assured the pennant."

Boosted Too Much. "That line of gossip was much published in Washington. It was said that with me at short, Washington had the best infield in the American League, if not both leagues."

Such kind words were all very lovely, but it seems there has been a reaction. The fans, having been fed on the pennant-winning talk, failed to take very kindly to the tall-end stuff that our club began pulling with the opening of the season.

"Since I was the player advertised as the one individual who made certain the pennant for Washington the fans naturally started to pick me to pieces. My failure to get away to a good start has given them many opportunities to use me as a target for their jokes."

Became The Goat. "One player seldom makes any ball club. It was rather unfortunate for me that I was advertised as the man Washington needed to make certain a pennant in 1922. Our failure to show has made me the goat."

"No ball club can win without consistent pitching. Thus far we haven't had that brand. Once our pitchers hit their stride we are going to make all kinds of trouble."

Cooper Better Will Attend Show

Robert Cooper, Jr., who was shot in the leg two weeks ago while on Upper Twin Creek was declared out of danger Monday in Hempstead hospital. He will later on face a murder charge as it was he who shot Lawrence Cooper, the wound being fatal.

Having Big Year

Jake Daubert is having a wonderful year at the bat and in the field. In yesterday's game in Culbville he slammed out two doubles and two singles.

To See Fight

Dr. C. M. Hawes, Duke Ridgley, Dave Evendoll, Joe Shively, John Matthews, Roy Johnson, Lou Miller, Harry Davis, Dave Gideon, Alex Arrard, Joe and Jimmie Doyle, Frank Blagi, Bugs Bufort, Joe Stender, Stubby Sampson, Pat Canepa, of Huntington, were here today enroute to Columbus, where they will attend the Martin-Burke fight tonight.

Gilbert Team Wins From Peebles Nine

It would be hard to find a tighter played game than the one to nothing contest won over Peebles by the Gilbert Grocers nine Sunday as Peebles. The closeness of the score is not half of the good game for Peebles only had two men reach first base. Riffle the crack hurler of the village nine secured two singles and was the only man to get on base during the nine frames. Only one fly ball was knocked to the outfield and middle gardner Weidner captured it. The hits were hard hit balls over second base. Pitcher Green of the wholesale nine was in the best form and fanned about a dozen of the hard hitting Peebles players. Riffle of Peebles also pitched a fine brand of ball and struck out about an even dozen also. Gilberts made six hits and had men on second and third twice but could not get them across the plate. The Gilbert infield never played better. Bradford second had four assists on balls that looked like sure hits and also four put outs. Vaughn at first, Halsted at short and Jeanguenat at third took everything that came their way. Gilberts made the only run in the fifth when Vaughn singled, stole second and third and scored on Bradford's well placed bunt. Crawford performed on the receiving end for the winners.

Red Sox Beat Bainbridge

When the New Boston Red Sox played at Bainbridge Sunday they had a tough time, but won out 3 to 2 in ten innings. The Red Sox tied the score 2 and 2 in the ninth frame.

Both pitchers were in fine form and effective all the way through. Borst for Bainbridge allowed 11 hits, but kept them well scattered. Joe Barber finished the game in the box for the Red Sox. The Red Sox play at Russell next Sunday. The Red Sox figures:

COBB'S MEN LOSE AGAIN

CLEVELAND, O., June 5.—Cleveland made it four straight from Detroit, winning Sunday's game, 14 to 0. Errors gave both teams their early runs, but clean hitting and Stoner's wildness accounted for the latter tallies piled up by Cleveland. Stephenson made a double and a triple in the sixth inning, and had a perfect batting average for the day. Score:

Just A Couple More Records Ty Yearns For

TY COBB holds a score or more records in the American League. The name of Cobb is everywhere in the list of notable major league feats, yet Cobb isn't quite satisfied.

True, Cobb is slipping. No athlete could travel the gait that he has and not show the effects. The remarkable thing about him is that he has stood the pace so long, before the slowing up process started in.

Cobb no longer goes down to first with the old-time speed. He no longer takes the wild chances on the bases that was once a part of his daily routine.

Father Time Cutting In. Father Time has cut in on Cobb. He has called a slight halt at least. A perusal of the American League records show that Cobb holds about every coveted honor. There are two major league exceptions, the home-run title and the consecutive 300 batting record.

Babe Ruth probably has monopolized the home-run honors for all time. His mark of 59 homers is going to stand for many a year, unless he breaks it himself. It is a record that seems entirely beyond Cobb's possibilities, despite his acknowledged greatness.

One More Honor. The other honor Cobb is shooting at and hopes eventually to hit is the record for the consecutive 300 batting record.

That honor is now held by Honus Wagner, with 17 consecutive years in which he has hit 300 or better. Cobb is a close second, with 16 years. The way he is going this year makes it almost a certainty that Wagner will be forced to share the title.

In 1923 Cobb says he will break it.

Champs Idle

The Blue Creek nine was scheduled to play at Menden Sunday afternoon but failed to put in their appearance, cancelling the game at the eleventh hour on some flimsy excuse. As a consequence the Champs were idle yesterday and a big crowd of fans who gathered at the park to see the combat were disappointed.

GIANTS RALLY

BROOKLYN, N. Y., June 5.—New York bunched four hits for a three-run rally in the ninth Sunday and beat Brooklyn 5 to 4. A crowd estimated at more than 30,000 attended making ground rules necessary. Spectators crowded on the field in the last half of the ninth and the Giants finished the game under protest.

YANKS WIN

NEW YORK, June 5.—New York closed its spring home stand Sunday with an easy victory over Philadelphia 8 to 3. Ruth's home run, with Miller and Ward on bases, put the Yanks ahead in the fifth inning. It was Ruth's third home run of the season and the first he has driven out of the grounds this year, the ball clearing the right-field roof of the grand stand. The score:
